

Weddings - Classic Package 2017

Most couples find this package includes everything they are looking for on their wedding day. Should you desire a bespoke package to suit particular needs or budget, please don't hesitate to get in contact, I always try to be as accommodating as possible.

Initial Meeting – Where practical, it is great to meet in person to talk through the photography for your big day, though it's also possible to do this as a video call. This gives me an opportunity to get to know you, and you an opportunity to size up whether you want me to photograph your wedding!

Attendance at Rehearsal – If it is feasible, it is helpful for me to attend the wedding rehearsal and it is lovely to document this special time.

Comprehensive Coverage – My photos tell the story of your wedding day. I typically begin 2-3 hours before the ceremony to capture the preparations, and end shortly after your first dance (totalling *approximately* 8 hours coverage).

Unobtrusive Informal and Formal Photographs – My approach is as unobtrusive as possible; I take natural and informal shots from the edges of situations, wherever possible without the use of flash. My pictures therefore are mostly un-posed and convey the true story and emotion of the day. I usually also take posed couple shots and formal group photographs - according to what you want (I can be as creative as you like!)

Postproduction - What was once the art of the darkroom has become the art of Photoshop; I can do almost anything, but my aim when editing is to produce images that give a natural and true reflection of the day. I take care over every photograph to ensure your final images are as beautiful as possible. I aim to turnaround all images within 3-4 weeks of the wedding.

Digital Copies of All Images - You will receive a memory drive of all your wedding photos in colour, black and white, and vintage / sepia. You have full reproduction rights; they are your photos to print and distribute as you please. We retain copyright, which means we reserve the right to use the photos to promote our photography. Your wedding photos will also be viewable in an online gallery, allowing you to share them easily with family and friends.

Cost – Our Classic Package is priced at **£1250**. A non-refundable deposit of £250 is required to confirm your booking.

Additional Extras

Storybook Collection (£750) – Whilst standard photo books are easy enough to put together for yourselves online using readily available software and templates, the Storybooks that we produce are really rather special. The quality of the books is several steps up from the usual high-street offerings, printed using the photographic process on thick matt pages. Our books are individually designed using layouts that we create with *your* wedding in mind to best tell the story of your day. Our books are typically 50 pages long and include a large selection of your wedding images. The price includes one 12"x12" Storybook and two identical 8"x 8" 'for the parent' books. Additional books can be ordered on request.

Engagement Session (£125) - This can take place at a location of your choice and typically lasts about an hour. You will receive the high-resolution images on disc (both in black and white, and in colour), with full reproduction rights within a week of the shoot.
